

## **CHANGES TO CHECK PAYMENT PROCESSING**

When you provide a check as payment, you authorize us either to use information from your check to make a one-time electronic fund transfer from your account or to process the payment as a check transaction.

*An electronic fund transfer* will clear your account faster than a regular check transaction and could be withdrawn from your account as soon as the same day we receive your payment.

**Effective immediately, certain payments made by check could be converted to an *electronic fund transfer* from your account.**
